All pleaded not guilty.

Lally's case attracted the most attention. Lally is the ex-policeman who has a "pull." He used it to pull the wool over the eyes of the police officials for several days and thus escaped arrest until Wednesday. It did not prevent him from being held in \$7,500 bail, in default of which he spent the night in the Tombs, but it secured for him the privilege of walking without handcuffs from the Tombs to the Courthouse. The other prisoners were securely fastened together by the shameful handcuffs. Lally's wrists were free and his "puil" was in good working order. He pleaded not rufly to the charge of unlawful electioneering. J. J. Walsh, his counsel, asked for a reduction of his bail to \$1,000. Assistant District-Autorney Melatyre said that when ball was fixed at \$7,500 the District-Attorney was under the impression that there were several indictments against Lally. Judge Harrett reduced Lally's bail to \$1,000. He was not taken back to the Tombs when the court adjourned, but was escorted to the District-Attorney's office, where the properties of the properties of Justice Diverse, it was said.

Mr. Walsh put in demurrers to the indictments Wednesday. It did not prevent him from being

The locality of Second-ave, and Fifty-first-st. yesterday morning. At 6:3) o'clock Policeman Hughes discovered that the tobacco house of Isaac Dankowitz, at No. 1.678 Second-ave., had been entered by burglars, and goods worth at least \$1,000

man Hughes, saw two young, hard-looking fellows run up Fifty-sixth-st. toward Third-ave. The detectives called on them to halt, but they only ran the faster. O'Donohue drew his pistol and fired al shot over the fugitives' heads. In response the men wheeled quickly with drawn revolvers, and each fired a shot point-blank at the officers. Neither shot did any damage. The chase continued to the corner of Third-ave., where four more shots were exchanged. A cable car was just passing the corner on its way uptown. One of the furitives jumped upon the car and escaped. The other one, when in front of Freithal's clothing store, at No. 238 Third-ave, suddenly halted. O'Donohue and Murphy were close behind him. The fellow turned, first one shot at his parsiers, opened the store door and rushed in. Durting through the store, he mounted the stairway and ran to the roof. The door of the roof souther was connected with an electric burglar alarm, and as the flesing burglar opened it a huge beil somewhere downstairs set up a terrible clanging. John Timme, a young man employed about the premises, rushed up to see what the trouble was, and was confronted by a loaded pistol in the hands of the desperate young ruffian. Then the thief ran over the roofs to No. 157 East, Fifty-sixth-st., and disappeared through a scuttle. On the top floor he encountered Mrs. Sarah Euch, Quick as a flash he put the muzzle of his revolver to her temple, and hissed: "Don't make a sound or I'll blow your brains out." A few seconds later Detectives O'Donohue and Murphy and Policeman Hughes came tumbing down the roof stairs, and found their man under a bed in an inner room.

At the Yorkville Court he said he was William Mitchell, a machinist, of No. 311 Ninth-ave. He finally confessed to his part in the burglary. Mitchell was recognized by Detective Willis as one of the men wanted for a big \$6.990 tobacco robbery. He was also identified as an ex-convict and counter-feiter. He was remanded.
